# Business Finance Week @ Electric Works

Business Finance Week is designed to help smaller businesses, and the organisations that support them, to explore the full range of finance options available. Businesses at every stage, from start-ups to more mature firms, attend free events designed to bolster their growth journey. This year Business Finance Week runs from 30 September - 9 October. To kick off the regional offer, Business Sheffield welcomed over 50 attendees to Electric Works for a networking and speaker session that included signposts to local funding options and practical advice for grant and loan applications. Panellists and speakers explored topics such as 'growth through finance' and 'investment readiness'. Attendees also had the opportunity to network with fellow founders and 'support providers' in the Electric Works Club. To learn more about booking our spaces for your events - slide down to reception and speak to the Electric Works team.

## Monthly Shoutout!

This month's shout out goes to Frazer's Coffee Roasters; Electric Works' very own coffee supplier and a much-loved Sheffield roaster. Frazer Habershon and the team have been making proper coffee since 2014. We recently popped into their roasting and café hub at Arundel Coach House to pick up our regular coffee order (available for Electric Works co-workers in the Club Monday to Friday). Frazer (on the right below) and Kieran (left) took a few minutes out from their day-job to pose for a photo and catch us up on their recent expansion plans, charity projects and media appearances! You can follow the Frazer's Coffee Roasters channels for all their breaking news. And if you're not drinking Frazer's filter coffee in our Club or at our events, you can always pop into their coffee shop at 203 Arundel Street, Sheffield.
